## Immunization of Mice with Peptide Antigen

Effective November 2013, this protocol has been replaced with the following new protocols:

- [Cytokine Production Induced By T Cell Recall Response In Vitro](#)
- [Immunization of Mice for Generation of Encephalitogenic T Cells](#)

For more information, please [contact us](#), or see our [Learning Center](#) or our [list of current protocols](#).

### Ordering

All sales are direct from Hooke. [Contact us to place your order](#) or for a quote.

### Questions?

Please see our [FAQ](#), call us at **+1 617 475 5114** or email [info@hookelabs.com](mailto:info@hookelabs.com)

[Contact us](#) for information about **free samples** to try in your own lab.
